Tree of Light and Remembrance gets a Permanent Home in Triangle Park

For the past 4 years a tree has been donated to become the Tree of Light and Remembrance. The trees were ones that needed to be cut down in order to make room for other trees to grow and flourish. We are very grateful to the donor of the trees for allowing us to come on to his property each year but it was becoming more and more difficult to get to the trees and transport them to the tree site at Triangle Park.

Last year the Tree of Light committee approached the city to have a permanent tree planted in the park. Happily the city approved our request. On August 19, 2010 a very beautiful tree was planted in its permanent spot. The tree was donated by an anonymous donor and the city handled all the arrangements and costs to move the tree from the donor's property to its permanent site in the park.

The Food Shelf staff, volunteers and committee members are very grateful to all those involved in making this wonderful event happen.

The Tree of Light and Remembrance lighting ceremony is scheduled for December 10, 2010.
